Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Sunday 18 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny and hot for many. Cooler in the far north.

Today:
Plenty of sunshine across most parts and turning hot, especially in the south. An isolated heavy shower is possible later in the afternoon. Cooler and cloudier across northern and western Scotland with a little rain and drizzle.

Tonight:
A warm night, especially in the south. Clear skies for many, but low cloud and perhaps a little drizzle affecting parts of the north and east.

Monday:
Low cloud in the northeast breaking to allow sunny spells, but cooler along North Sea coasts. Hot sunshine for southern and western parts. Chance of the odd heavy shower later.

Outlook for Tuesday to Thursday:
Dry, very warm or hot, and sunny for most places. Isolated heavy showers possible. Cloudier and cooler in the far north and at times along the east coast.
